# Seven Reasons to Read the Glorious Quran

The Quran is the One and Only Book that is the Best Guide for Life and Afterlife, God's Gift of Guidance and God's Calling Card to Communicate with Him.

## (1) The One and Only Quran :

The Quran is unique. Billions of books have been written - but not one like the Quran. The Quran dares us to disprove this. In the Quran, God says that humans are not capable of writing a Book like this even if we pooled together all our resources and got help from the spirits. This fact was revealed in the Quran fourteen hundreds years ago. Until this day, no one has been able to disprove it and write a book like the Quran.

## (2) The Incorruptible Quran:

The Quran is the only religious sacred writing that is still pure and uncorrupted even after being in circulation for such a long time. The Quran has been kept intact. Nothing has been added, nothing has been changed, and nothing has been taken away from the Quran ever since it was revealed 1400 years ago.

## (3) The Unsurpassable Quran:

The Quran is God's final revelation to mankind. God revealed the Torah to Moses, the Psalms to David, the Gospel to Jesus, and finally the Quran to Muhammad. (Peace upon all God's prophets.) The Quran is the seal and the final verdict of God's guidance to mankind. No other book will come from God to surpass His final revelation.

## (4) The Indisputable Quran:

The Quran withstands the test of time and scrutiny. No one can dispute the truth of this Book. The Quran speaks correctly of history and the Quran speaks of prophecies that have come true. The Quran mentions details of physical phenomena which were not known to people at the time of its revelation, yet later scientific discoveries confirm that the Quran has been right all along. Every other book needs to be revised in accordance to modern knowledge. Only the Quran has never been contradicted by one single modern discovery.

## (5) God's Roadmap for Life and Afterlife:

The Quran is the best guidebook on how to structure our lives. No other book presents such a comprehensive system involving all aspects of human life. The Quran also points out the way to secure everlasting happiness in the afterlife. It is our roadmap to Paradise.

(6) God's Gift of Guidance:

The Quran is like our very own owner's manual that guides us through life and prepares us for the here-after. Through the Quran, we learn that God has not left us alone and we were created for a reason. God tells us why He created us, what He demands from us, and what He has in store for us. This is all in the Quran. If a machine is operated without an owner's manual contrary to its manufacturer's specifications, it will be ruined. What about ourselves? Do we follow the Quran, the guidance of our very own owner's manual? The Quran keeps us away from failure and guides us to success in this life and the here-after. The Quran is a healing mercy from God. The Quran satisfies the soul and cleanses the heart. The Quran removes doubt and brings peace.

(7) God's Calling Card to Communicate with Him:

Humans are social creatures. We are naturally inclined to communicate with other intelligent beings. The Quran is our calling card to communicate with the source of all intelligence and the source of all life- the One God. The Quran tells us whom God is, how we should address God, and how we can communicate with God. The Quran is the One and Only, the Incorruptible, the Unsurpassable, the Indisputable, God's Roadmap for Life and Afterlife, God's Gift of Guidance and God's Calling Card to Communicate with Him.

Are these not seven sufficient reasons to read the Quran?
